DATA SHEET

7/5MM GRIPPER HOOD

DRYSUIT DIVER HOOD

The 7/5mm Gripper Hood has been designed specifically for drysuit divers. You will find unparalleled comfort originating from our selection of quality materials and use of perfected patterns to create a fit that keeps water out.

KEY FEATURES

- Combination of 7mm & 5mm neoprene panels provide great insulation
- 5mm neoprene face seal with Glideskin coated interior for minimal water ingress
- Trimmable face seal for the perfect custom fit
- Air Release System™ vents air at the top of the head
- Triple glued & blind stitched construction keeps water from penetrating seams
